

9AT3E02

Flywheel Holder Kit PSA PEUGEOT CITROËN, FIAT, RENAULT

- Fits Diesel and Petrol engines
- This tool has to be put in the housing following the instructions in the manufacturer's guide.
- The retaining bolt is equipped with a high torque charge and the flywheel must be securely locked during installation / removal. Blocking tools into the flywheel teeth can cause serious damage to teeth and housing.
- This kit is essential for removing the crankshaft pulley when replacing the timing belt.
