

9HYCH225

Versatile 2-stage air hydraulic jack (10/25 t)

CE

- Ideal for buses and trucks
- Low height
- Designed for heavy-duty, intensive professional use
- Hard chromium plated piston rod for long life
- Built-in safety overload valve
- Hand-operated dead-man's control for optimum safety whilst lifting and lowering
- With 2 extensions (50/100 mm)

 9HYCH225

Capacity (ton) : 10 / 25

Minimum Height H1 (mm) : 180

Maximum height H2 (mm) : 380 (10 t) / 275 (25 t)

Air consumption (L/min) : 350

Air Pressure (bar) : 8 - 10

Frame length L1 (mm) : 770

Handle length L2 (mm) : 1160

Width with wheels L4 (mm) : 305

Width L3 (mm) : 160

Standard :

Weight (kg) : 60
