

# 1195A

**M**

## T-handle hex key

- Ideal in tight spaces where a standard wrench will not fit.
- Easy tightening and loosening with the free rotation of the arm.
- SNCM-V steel
- Ideal if you need more force than a standard hex key
- 3 ball stops
- 6 points on the 3 tips

|  | Size tip (mm) | L (mm) | l (mm) | Weight (g) |
|---|---------------|--------|--------|------------|
| 1195A10M  | H10           | 300    | 145    | 386        |
