

## IS77

### 1000V insulated knife with long thick blade

NF EN 60900 / IEC 60900 / FT BT 405

- Recommended for stripping cables.
- Overhead or underground network, indoor installation.
- Stainless steel blade, injection insulation.
- Electropolishing finish for a durable sharpness.
- The blade insulation is locked by 6 fixing points to ensure that both blade and insulation stay in place during the stripping operation.
- Weighted handle for a good balance and to avoid tool from falling on the blade.
- Delivered in a flexible case.
- Slit on the guard to guide the tool while cutting lengthwise.
- Insulated blade rigide to protect from short circuit.
